

The Platform Steps have a reinforced aluminium checker plate platform and aluminium anti slip treads. Both versions are tough no nonsense steps with super-strong C-section insulated stiles. The top caps have an integrated tool holder for added convenience and the aluminium hinged locking stays provide extra rigidity.

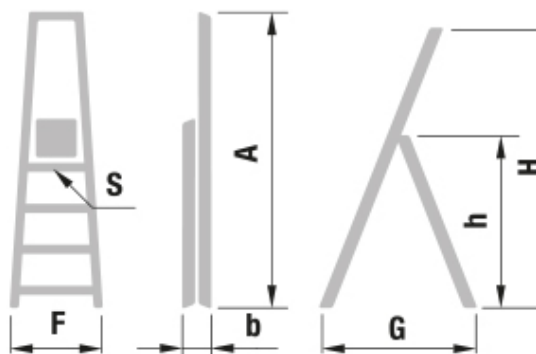

- ⊕ Insulated to 25,000 Volts
- ⊕ Deep serrated aluminium treads
- ⊕ Hinged metal locking stays
- ⊕ Reinforced checker plate platform (Platform Step only)
- ⊕ Large anti-slip rubber feet
