

CT-90 Cutting and Tapping Fluid Aerosol

✓ Key Features:

- Drilling, sawing and thread cutting simplified
- Safe on steels, designed for stainless steel and ceramics
- Extends tool life
- High rates of metal removal
- High anti weld features
- Silicone and CFCs Free
- Reduces heat and improves surface finish

✓ Application:

- Cutting Fluid

✓ Available Sizes & Product Codes:

- 500ml Aerosol (Code: 1846)
- 5 Litre Can (Code: 1495)

CT-90 Cutting and Tapping Fluid Poly Bottle

✓ Key Features:

- Drilling, sawing and thread cutting simplified
- Safe on steels, designed for stainless steel and ceramics
- Extends tool life
- High rates of metal removal
- High anti weld features
- Extreme pressure rated lubricant
- Silicone and CFCs Free
- Reduces heat and improves surface finish
- Poly bottle packs for flood lubrication

✓ Application:

- Cutting Fluid

✓ Available Sizes & Product Code:

- 500ml Poly Bottle with spout (Code: 1483)

CT-90 Cutting and Tapping Compound

✓ Key Features:

- Drilling, sawing and thread cutting simplified
- Safe on steels, copper, brass, stainless steel and ceramics
- Extends tool life
- High rates of metal removal
- High anti weld features
- Silicone and CFCs Free
- Reduces heat and improves surface finish
- Non drip compound can for brush application or dipping small cutting tool

✓ Application:

- Cutting Fluid

✓ Available Sizes & Product Code:

- 480gsm Compound Tub (Code: 1528)

CT-90 Foamcut Metal Cutting Lubricant and Tapping Fluid

✓ Key Features:

- Effective in extreme pressure cutting operations
- Fast drying
- Low odour
- High cling properties
- Suitable for yellow metals
- Rapid penetration

✓ Application:

- Cutting Fluid

✓ Available Sizes & Product Code:

- 400ml Aerosol (Code: 1900)
